Basic Life Support Acls Bls

Welcome to the Basic Life Support (BLS) algorithms and training by United Medical Education. Here we will discuss basic life saving interventions for patients in respiratory and cardiac distress and the importance of teamwork in a critical emergency. The life saving interventions of BLS are primarily for the purpose of maintaining circulation and oxygenation of the brain and other vital organs until Advanced Cardiac Life Support (ACLS) or other interventions can be initiated by trained ...

BLS Algorithms 2020 (Basic Life Support) - ACLS Certification

Basic Life Support (BLS) The AHA's BLS course trains participants to promptly recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations and provide early use of an AED. Reflects science and education from the American Heart Association Guidelines Update for CPR and Emergency Cardiovascular Care (ECC).
